Fruit Fly

University of California Cooperative Extension **Biology & Management of Spotted Wing Drosophila and Oriental Fruit Fly in Cherries**

A workshop for pest control advisors and consultants

Tuesday, February 14, 2012, 10:00 am – 3:00 pm
San Joaquin County Robert J. Cabral Ag Center
2101 E. Earhart Ave., Stockton, CA 95206

An in-depth workshop for California cherry PCAs, consultants and packing shed field representatives, including the latest SWD findings and recommendations from California, Oregon and Washington researchers

AND

Important information for PCAs assisting cherry growers to comply with the 2012 Stockton-area Oriental Fruit Fly quarantine will also be presented.

Topics to include:

- Orchard monitoring of SWD: Trap design, lures and fruit sampling techniques
- Alternate hosts, movement, and seasonal population dynamics of SWD
- SWD insecticide efficacy and treatment timing trials
- Round-table discussion of SWD management with other participants
- Special information for cherry PCAs on the Oriental Fruit Fly quarantine in San Joaquin County, grower compliance agreements, harvest and movement restrictions, and pre-harvest orchard treatment requirements
- Featured speakers are: Dr. Bob Van Steenwyk, UC Berkeley; Dr. Peter Shearer, Oregon State University; Janet Caprile, UC Cooperative Extension, Contra Costa County; Kelly Hamby, UC Davis; and Scott Hudson, San Joaquin County Agricultural Commissioner

There is no fee for this workshop, but pre-registration is required (see below).
