

## Self-assessment Workbook for the Production of Cherries in California

**February 16, 2016**

**10:30 am – 12:30 pm**

**San Joaquin County Robert J. Cabral Agricultural Center  
2101 E. Earhart Ave., Stockton, California 95206**

The self-assessment workbook is a tool a cherry grower can use to document the practices and processes they are using in their orchards, learn about others that may improve their farming operations, and track changes over time. Use of the workbook can also deliver value to the California cherry industry as a whole by providing data summaries that document industry-wide good stewardship. The workbook was put together by a committee of growers, packer/shippers, and University of California Farm Advisors under the guidance of the California Cherry Board.

### Agenda

- 10:30 – 10:45 am: Welcome and Introduction to Workbook
- 10:45 – 11:15: How to use the on-line Workbook
- 11:15 – 11:30: Questions, Answers and Comments
- 11:30 – 12:30 pm: Self-assessment of a cherry orchard & Lunch
